NHL STENDEN
hogeschool

WE DO THINGS DIFFERENTLY

PERSONALIA

Name: NHL Stenden University of Applied Sciences

Date of birth: 01–01–2018

Place of birth: Leeuwarden

Places of residence: Leeuwarden, Emmen, Terschelling, Groningen, Assen, Meppel and Amsterdam

International residences: Bali, Thailand and Zuid-Afrika

Nationality: Our community includes over 100 nationalities

Partners: Hundreds of national and international partners

Community: 24,000 students and 2,500 colleagues

Studying with us is not restricted to lecture halls. In fact, we'd rather students found out what actually happens in practice, which is why we work with a challenging concept we call Design Based Education.

Students work in ateliers on questions posed by the professional field, develop protoypes, test them out and learn from their mistakes. They do this with for instance the local municipality, a large company or the medium or small-sized company down the road. It's a little different to usual.

WORK EXPERIENCE

We're a new university of applied sciences and yet we have nearly 150 years experience – and we still can't get enough of learning and developing. We've got plenty of degrees and courses to our name which means we have a lot of knowledge and skills in house, because in each programme and each research group we learn something more.

- 62 Bachelor degrees
- 22 Master's degrees
- 19 Associate degrees
- 239 Minors
- 23 Top programmes
- 38 Professorships

PROFILE

We look beyond the boundaries of our own field and in so doing make the impossible possible. We challenge our colleagues each day to think differently so that they can come up with inventive solutions. We make connections with the world around us by looking beyond our own limits. Talking of limits, with partner institutes and our Grand Tour Network located all over the world, there are no limits to the possibilities. We offer an environment in which students, staff and everyone we work with can be themselves – especially if it's a little different to usual. We do things differently.

LANGUAGE SKILLS

Excellent NL + EN, and over 70 other languages in our portfolio.

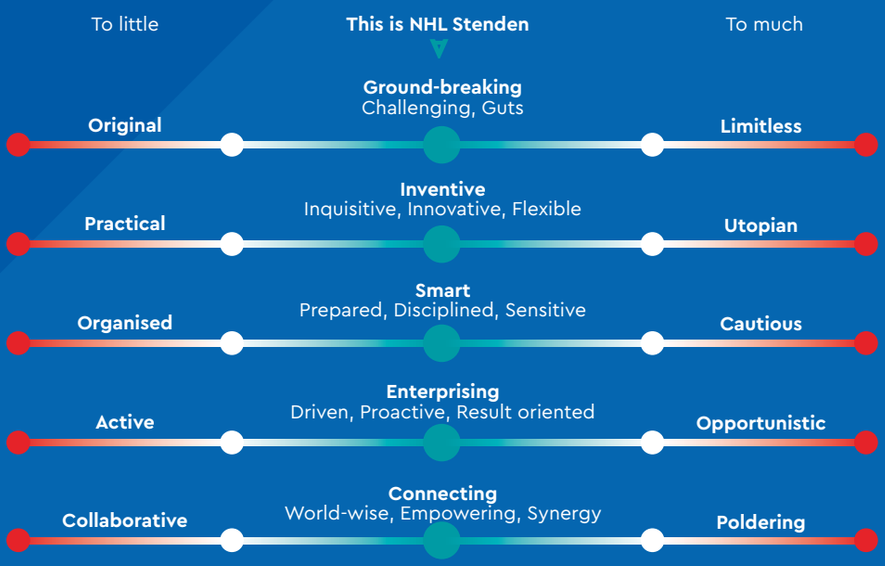
HOBBIES

Human interest, reading, travelling, learning new things, good food, and playing sports.

Personal motto:

THINGS HAPPEN BY DOING THEM

OUR COMPASS



REFERENTIES

NHL STENDEN IS A PLACE WHERE LECTURERS AND STUDENTS KNOW EACH OTHER BY NAME. NO-ONE IS A NUMBER.

Bert Hofstede –Communications lecturer
