

Exchange Partner list

Dear student,

In this document you can find an overview of all the Exchange partner universities of NHL Stenden.

With each partner we have an Exchange agreement in one or more study fields. In the column "Field of Study", it shows in which field the Exchange agreement is valid. When applying for this university, you have to pick exchange courses in the mentioned study area. If no field of study is mentioned, you can choose from the exchange courses the university offers. The partner university will share the exact course list with you later in the application phase, in case this list is not published on their website.

You are obliged to discuss with your study coach/Exchange coordinator of your study if the universities you are considering match your current study programme. In case you received approval to do your Exchange at a university in a different study area, the university might not be visible for you in iGo. Please get in touch with us via io@nhlstenden.com so we can open the university for you in the iGo system. However, please be aware that students from the original matching study programme are prioritized in case a selection is needed.

In addition, please take into account the following requirements:

- Check for possible language requirements in the following countries: Belgium, France, Germany, Italy, Japan (Kyushu University), Spain, Portugal, Mexico, Chili
- Check the dates of the academic calendar of the following countries, since they can differ: Denmark, Finland, France, Germany, Japan, Norway, Sweden.
- Check if small Exchange fees are charged at all universities in Germany
- A GPA of 7.5 is required at most universities in South Korea and Japan
- At some partner universities in the UK a special English test is required for your application which you need to pay for.

Key of this list:

Check out our RUN-EU partners! These partners are part of the RUN-EU alliance. You can recognize them via the logo. Want to know more? Then check our Study Abroad page!

Preferred partner university: we recommend this partner university due to our strong and long-lasting collaboration

Check the language of instruction of the courses offered, strong foreign language skills could be needed

An average grade of 7.5 is required to apply for this university
